Thank you, Scott, for this information. I really appreciate it! I will reach out to Dale first, as the Leavenworth National Fish Hatchery, for which we are developing an NPDES Permit and need to engage in ESA consultation, is located in the Leavenworth/Wenatchee area of Central Washington. I'll copy you on any information that I share with the Central Washington Office. If Dale isn't the right point of contact on this, I will reach out to Elizabeth next. Hope you all have a great day!
